

Make your own Prommet

SUPPLIES

- 4 identical craft stems (*pastel or neon provide best faces*)
- heavy scissors or wire cutters
- 1/2" marker (*Crayola marker*)
- 3/8" marker (*Papermate highlighter*)
- 1 black "puffy" paint pen (*Walmart*)
- glue, double face tape or high tack glue dots
- 6 x 4" medium weight cardboard base

PREPARATION

Fold Stems 1, 2, & 4 in half.

Cut Stem 3 into a 2/3 and 1/3 length..

Cut optional cardboard base. Use glue to position Prommet.

STEP 1 HEAD & TORSO

Insert thumb into fold of Stem 1 & twist once to form circular head.

Twist stem ends 10 - 12 times to form torso.

*(If legs look too long,
your Prommet is right!)*

STEP 2 ARMS & HANDS

Lay head into fold of Stem 2. To secure Stem 2 to "neck" cross the Left arm Right and Right arm Left.

Fold ends of both arms back to meet in the middle, shortening them by half.

Starting at neck, twist each arm into double thickness. Leave a loop for each hand.

STEP 3 COIL BODY & FACE

Tightly wind 2/3 of Stem 3 around the middle of a 1/2" marker to form a 5-6 coil torso.

Place legs into coil and pull torso to meet the arms. Open legs to keep torso in place.

Wind 1/3 of Stem 3 around 3/8" marker to form a 3 coil face. Slip face into head. Pinch top & bottom coil ends to head to keep face in place.

STEP 4 **LEGS & FEET**

Match end of Stem 4 to end of right leg. Hold leg as you twist half of Stem 4 around & up Right leg.

Hold left leg at base of torso to twist remaining 1/2 of Stem 4 down & around Left leg.

Fold ends of each leg back once or twice to form feet.

STEP 5 **MOUTH & EYES**

Gently pull down the bottom coil of the face to form as large a mouth as you want.

Carefully squeeze 2 black paint dollops on center of the top face coil to form eyes.

Allow paint to dry completely before positioning Prommet.

STEP 6 **LEGS & FEET**

Bend arms & legs into any position and gently turn head for Prommet to look right or left.

Place glue, tacky dots or tape to feet bottoms to stand Prommet; to palms of hands to secure arms in front or back of torso; or to torso bottom for Prommet to securely sit.

Use your Prommet to tell friends about God's Promise!
